To whom it may concern

I am writing to express my views in relation to the Local Plan review.

I am very concerned that areas of environmental interest and pleasure for the community of Eastington have been identified as a strategic development site.

I represent Keep Eastington Rural and we have had strong support from local people (often in the range of 80% respondents to a number of surveys we have done over the last eighteen months) wanting to protect and keep Eastington as rural as possible for future generations and oppose any developments on sites in the parish, including on the site propose by Eco Tricity.

With the West of Stonehouse development and the incinerator this area has had enough development and it is time to look elsewhere.

We don't support that the stadium is required or that the chosen site is the right one for us as a community or Stroud itself.

Focusing on developing Stroud centre to be one where people want to go, when it isn't Saturday morning.

You offer to meet with community groups - Keep Eastington Rural would welcome such a meeting

Regards
