I strongly object to the inclusion of PS29 in the local plan i.e. for 80 dwellings plus open space at Ganzell Lane in Dursley. This area attracts many visitors and local people who regularly enjoy exercising in this countryside plus it contains much wildlife who rely on this area for their existence. It is an area of outstanding natural beauty which should be kept for future generations to enjoy and appreciate all that it has to offer. To destroy this area by building houses on it would be a loss to the future young of Dursley who deserve to be able to relax, exercise and appreciate their heritage as well as to the many visitors to the Cotswolds who come here in order to walk in these fields and woods. Hands off these rare assets that Dursley should be so very proud of possessing and not allowing to be spoilt.

Yours sincerely
