Message:

i am a resident of Cam and would like to voice my concerns at some of the planned housing developments in the town. I have reviewed all of the proposed developments and believe them to be in the best interest of Cam however i have some concerns with the development running along the fields beside Hopton road. These fields and the foot paths therein represent a popular area for local walkers and are well used by many local people. Building on the other sites would not effect this however these fields are different. With the focus of governmental legislation targeting improved health supporting local people to remain physically active, especially activities that are so say 'free' needs to be considered. I therefore do not believe this part of the development is in the best interest of the locality and would like to voice my objection.
