* CIL receipts must not be kept on account for more than 5 years in line with legislative requirements.

Community Infrastructure Project 1:

Project name and location:

Clocktower Christmas lights

Clocktower Garden
Fountain Street
Nailsworth GL6 0AG

Brief description of works undertaken:

New Christmas lights installed on the memorial Clocktower. Three removable snowflake motifs made from recycled plastic bottles and with LED lights to save energy and revitalise the festive look of an iconic town building.

Date Project Completed:

By 24th November 2022.

Has the project been successful? How?

Yes. The new lights brought the Clocktower to life at an important time of year for our town. They contributed to the well kept and inviting look of the centre of town and were installed in time for Nailsworth Noel, a key community event in our town's year.

Total Project Costs:
.....

£ 2,588

Summary of match funding secured:
.....

£ 0

Amount of CIL expenditure committed:
.....

£ 2,588

After

Community Infrastructure Project 2:

Project name and location:

Civic Centre bike park
Civic Centre
Old Market
Nailsworth GL6 0DU

Brief description of works undertaken:

A new bike park created with space for four bikes plus a 'bike pump station' (public bike pump).

Date Project Completed:

3rd March 2023.

Has the project been successful? How?

Yes. The bike racks were used almost immediately. The racks are now used regularly and so is the bike pump, making the town centre more welcoming for visiting cyclists. A group of cyclists regularly meet next to the bike racks for Summer after work bike rides.

Planters around the bike park have brought some biodiversity into the street, softening the look of the car park and offering extra protection from bikes being clipped by cars turning into the car parks.

Total Project Costs:	£ 470
Summary of match funding secured:	£ 800
Amount of CIL expenditure committed:	£ 470

Please insert picture(s) of project here:

Two bike racks, bike pump station and planters
