Categories: Consultation response

Hi [REDACTED]

Having trouble opening document, (may be my PC)

Hinton PC comments on the local plan review are as follows

The infrastructure need to be looked at !!!!

Finish the Berkeley By Pass
Junctions 13 & 14 cannot cope with the increase of traffic!

All above items need to be sorted before any more development in the area!

Houses that need to be build should be built in a time limit!!

Many Thanks
