To whom it may concern

I support the removal of PS 29 [Ganzell Lane Fields and Meadows] from the Draft plan because PS 29 is too important to the landscape character of our local setting and environment. Other sites are more appropriate for development opportunity that are located near the Cam and Dursley Train Station and Motorway links. My previous comments from Local Plan Review explain the importance and appropriateness of protecting PS29 for its' distinctive landscape contribution and character.

Yours faithfully
