Description of Advertisement

Erection of non-illuminated directional sign.

The reasons for the Council's decision to refuse consent are :-

In the opinion of the Local Planning Authority the erection of a direction sign at this location in very close proximity to a sub-standard junction with a fast section of A38 will create additional confusion and hazards for motorists to the detriment of highway safety.

(Vide direction of the County Surveyor dated 20th October, 1988).

N.B. With effect from 7th April 1986, new procedures became effective when lodging an appeal. In addition to the procedures referred to overleaf a copy of any appeal must also be sent to the Council's Solicitor, Council Offices, High Street, Stroud, Glos. GL5 1AT.

The reasons for the Council's decision to refuse consent are :-

In the opinion of the Local Planning Authority the proposed signs are inappropriate and detrimental to the visual amenities of the Stroud Station Conservation Area and would set an unfortunate precedent for further similar types of signage in the locality to the detriment of visual amenity.

N.B. With effect from 7th April 1986, new procedures became effective when lodging an appeal. In addition to the procedures referred to overleaf a copy of any appeal must also be sent to the Council's Solicitor, Council Offices, High Street, Stroud, Glos. GL5 1AT.

The reasons for the Council's decision to refuse consent are :-

- (a) The display of advance direction signs would be contrary to the policy of the Local Planning Authority and Highway Authority to restrict the display of such signs in the interests of visual amenity.
- (b) The proposal will result in a clutter of signs alongside a trunk road which may conflict with the statutory highway signs and may be a source of distraction and danger to road users.
- (c) In the opinion of the Local Planning Authority the access and premises of Rooksmoor Mills are adequately signed and any additional signs may set a precedent for applications of a similar nature.

Height from ground level to top of signs: Min. 9'9". Amount of projection: 3'6" for double sided sign on existing swing arm.

The reasons for the Council's decision to refuse consent are :-

- (a) In the opinion of the Local Planning Authority the display of this number of illuminated advertisements would have a detrimental effect on this Building of Special Architectural or Historic Interest to the detriment of this area of High Street as a whole.
- (b) In the opinion of the Local Planning Authority further illuminated signs in this compact section of "The Shambles" Stroud Conservation Area would detract from its character.

The reasons for the Council's decision to refuse consent are :-

- (a) The display of advance direction signs would be contrary to the policy of the Local Planning Authority and Highway Authority to restrict the display of such signs in the interests of visual amenity.
- (b) The proposed sign is contrary to the policy of the Planning and Highway Authorities whereby signs shall in general only be permitted on the site to which they relate thus preventing an unnecessary plethora of signs along major traffic routes distracting the motorist from statutory highway signs.

Description of Advertisement

Hoarding.

Dimensions of sign: 6' 4" x 5'.
Height from ground level to top of sign: 10'.

The reasons for the Council's decision to refuse consent are :-

- (a) The site is situated in an area of Advertisement Control. The proposed sign is contrary to the policy of the Local Planning Authority and Local Highway Authority whereby signs shall in general only be permitted on the site to which they relate thus preventing an unnecessary plethora of signs along major traffic routes distracting the motorist from statutory highway signs. Such advertisements would also be detrimental to the visual amenities of the area.
- (b) The proposal constitutes the erection of an advance direction sign located at the junction of two County roads and in the opinion of the Local Highway Authority the introduction of such a sign would be likely to create confusion and be a source of danger to road users and if allowed would set a precedent for the erection of signs in similar locations resulting in additional hazards for road users.
