Sirs,

**Stroud District Local Plan Review Dec 2018**

**Comments and Objections on PS29**

and the SDC exhibition at Dursley Methodist Church on the 11 Dec 18, as I am interested in seeing what is planned for Dursley.

Referenced to the last Planning Application for 100 houses in 2014 (S.14/09666/OUT) which was approved. I am surprised to see that the Local Plan includes more houses for this side of Dursley - the scheme.

As I can see all the objections raised last time still apply e.g. Extra traffic, State of roads which are not maintained very well now, Infrastructure not sufficient for extra people, drainage issues on the east side of Dursley and using a Green Field Site.

As many houses have been built in the last few years, Littlecombe, Maudsley and By Macks I would have thought Dursley has had enough built for our town.

I would like to lodge the above as my objections against the Scheme PS29 for the East of Speare Road for Development.

Yours faithfully
