Categories: Consultation response

Dear Sir,

Having looked at the proposed developments for the Wisloe and Slimbridge and the surrounding area in some detail; I feel I must protest very strongly about the way you are planning to change this area.. I have no objection to developing the area sympathetically but it is definitely a lost opportunity to improve the area for everyone. Instead an urban sprawl is what you propose.. While we all appreciate the need for new housing, It will also require major upgrading to the infra structure especially the roads, with inclusion of new schools and doctors surgeries etc.. What is planned to my mind is a complete overkill and a land grab by the building trade, all to appease and fulfil central government building targets. It will lead to a loss of identity to the villages that will completely ruin a beautiful area, a place we all love to live, and also a popular tourist attraction.. I also think that future generations will look back, and see it as legalised vandalism.

Hopefully you will reconsider these future plans before it is too late.

Yours sincerely,
