To whom it may concern

I would like to register an objection against the proposed development at Washwell fields in Painswick.

Living on Cheltenham road close to the traffic lights, and using the lay-by parking we see on a daily basis the confusion amongst drivers and general safety issues which already exist at the junction of lower Washwell lane and the A46.

This will no doubt be made substantially worse with 20 new residences using this regularly. Our primary concern is for the safety of our young family who as they grow will need to use this junction to cross to catch the bus to school.

Our other concerns include - parking and amenities in the village, chemical and noise pollution and disruption of local biomes from works undertaken and more.

Please register receipt of this objection and keep us updated on the progress of this application.

Yours faithfully
