Dear Sirs

I write to suggest to you that the proposed so-called Wisloe Green scheme is vastly out of scale with the locality.

There are currently 500 homes in the whole of Slimbridge Parish. Add a new 1500+ houses, destroying currently existing green space, which is also full of wonderful wildlife, birds, badgers, foxes, hedgehogs... perhaps 3000+ extra people, 1500+ extra vehicles on the local roads, (already overstretched), 1500+ extra water and sewage use, possible water pollution of the river Cam and associated tributaries, and if that isn't enough, very few local facilities, shops, doctors, dentists, schools...

Please consider all these implications very carefully, as I know you will. I am aware you will receive many deeply concerned communications with regard to this proposed development, please listen to us all.

Best regards
