Subject: Local plan-DUR010 - DUR013

Dear Sir/Madam,

I write with regard to the promotion by Bell Cornwall to develop the sites mentioned above (PS29) which SDC have allowed to be put into their Emerging Strategy Paper. This site has already been refused permission. The infrastructure around the sites is simply not sufficient to sustain even more development. The roads are already busy and narrow; the access through Dursley is congested especially at peak times; the road toward Uley and through it is also narrow and busy; many creatures would lose more of their habitats; the beautiful scenery and countryside would be destroyed forever. Surely there are other areas with better infrastructure already in existence which would be preferable to build housing that is affordable.

Please take into account the thoughts of local people whose life would be effected so detrimentally by these plans.

Yours faithfully,

[REDACTED]
