Dear Sir/Madam

**RE: STROUD LOCAL PLAN REVIEW**

**Land off Shakespeare Road Dursley Glos**

Having studied the Local Strategy Plan we object to the development next to Ganzell Lane, Shakespeare Road and Uley Road ( PS29 ) for the following reasons:-

- 1 With more traffic passing through Dursley the roads are already very congested.
- 2 There is a lack of services and infrastructure i.e. schools, doctors , dentists etc.
- 3 It would also spoil the views both short and long distances. It is a pastoral meadow within a secluded valley which is also home to many species of wildlife.
- 4 There is a lack of industry and jobs which means people will need to commute to work.
- 5 There are other housing sites in Dursley currently being developed
- 6 Are there not brownfield sites that can be used?

The proposal was previously rejected so we appeal to you to again reject this proposal.

Yours faithfully
