Subject: Proposed Development for 5000 houses at Berkeley and Sharpness

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Sir,

We wish to express our grave concerns regarding the proposal to build 5000 houses in the Berkeley and Sharpness area.

On so many levels this is a totally ill thought out plan.

There are insufficient roads, jobs, schools, doctors, shops, public transport- the list goes on. Stroud District Council is just looking to dump all its housing problems in one area, it really needs to be thinking in a more environmentally effective way and not completely obliterating our beautiful countryside and little country towns and villages, you should be building on BROWN FIELD SITES and spreading the housing across the Stroud area- please do not have such a blinkered view.

We live in a beautiful place please do not destroy it.

Your Faithfully
