As a resident of this parish for well over forty years, I have to express my horror, disbelief, and deep concern and utter lack of forward thinking regarding the proposed building of 15000 new homes at the Wislow site. The knock on consequences to the already struggling facilities and environmental impact are two major concerns among a long list. The proposed site and the parish are well known flood risk areas, this will be a potential risk, not only on the new builds, but put excessive strain on the existing housing in the area, 15000 homes means a minimum of 3000 extra cars in the area, the pollution effect alone on wildlife will be catastrophic. Even if the residents are commuting to Gloucester/Bristol using Car train station, the car parking facility there is totally inadequate and already up to maximum capacity most days. The primary school is already up to capacity, The area has no doctor's surgery for people to have healthcare which is will be buckling under the strain of most surgeries already. I implore anyone with a modicum of sense to see that this is a wholly bad idea, to even entertain this proposal is just utter madness.
