**Subject:** residential allocation at Uplands

Good afternoon [REDACTED]

Please find attached a copy of the Ordnance Survey highlighting an area of land which was previously included in the Consultation of the emerging Stroud District Local Plan. I have also attached a copy of the earlier consultation plan on which the land (part of) is shown as Plot D.

Since the Consultation of 2 years ago, work has been done in order to release the land in question as shown on the Ordnance Survey copy.

As you will be aware there is access from Delmont Grove/Grange View area. It is my clients intention to provide a pure social housing scheme which clearly could come through under the Exception Policy; but at this stage it would seem more sensible to look for an allocation of up to and around 50 or so residential units.

I confirm that my client will be putting forward further detail as part of the process of the Local Plan when it comes up for scrutiny. Should you have any immediate thoughts or queries please do not hesitate to let me know.

With kind regards
