*Dear* 

Please find enclosed correspondence I have received from Philippa Schwartz, parish councillor for Minchinhampton South, with regard to the Local Plan.

Whilst I understand identifying areas to develop is a difficult job, I find that the proposal of 200 houses for the town of Minchinhampton is too high.

I would be most grateful for an explanation as to why this decision has been reached to pass on to my constituent.

*With kind regards*  
Yours sincerely
