**Attachments:** SB request 25-11-28.doc

Dear Sir

**Ref. Stroud Local Plan Review – Nupend, Horsley Settlement Boundary**

We would like to request that the settlement boundary around our property is examined during the current review and hopefully modified in the revised local plan to include our full residential curtilage.

There have been considerable changes to the designation of land and the 'built form' since the original boundary was conceived and we feel that suitable adjustments are now justifiable.

The attached information demonstrates the detail of our proposal although I would be very happy to meet with a council representative to discuss the issue in more depth if it would be helpful.
