

17 JAN 2013

14/1/19

Dear Sir / Madam

We are writing to oppose the proposed planning application for houses in and around Ganzell Lane, Whiteway, Nursley - PS29.

This is an area of outstanding beauty at the foot of our local woods. The footfall and the traffic would increase substantially which has already increased considerably over recent years. Whiteway Hill already has more than enough traffic going up & down & is at present quite dangerous.

Both the school at Highfields, Redrook & other amenities such as Medical surgeries are at capacity.

The beautiful views that this area gives residents at this end of town are valued by everyone & to build on this area would be a terrible loss to our countryside.

The other end of Cam
nearer the A38 is by far a better
place for consideration if more
housing is needed in the area.

Please don't allow our lovely
already diminishing countryside to
be taken away.

Yours
