Good afternoon Mark

Please find attached a copy of the Ordnance Survey on which I have shown an area of undeveloped land lying between 13 and 15 Ebley Road, Stonehouse. I have also included the postcode of the house opposite should that be helpful in locating the parcel of land.

I confirm that I have been instructed by the owners of the land to bring forward the land as a possible omission site with a suggestion that a canal side development could be created with the potential for a new access creating an area of green space and heritage use/parking in conjunction with the rather well known double lock. At this stage the suggestion is purely for consideration as a site omitted within the previous stages of the emerging Local Plan.

I therefore anticipate further instructions to amplify the possibilities for the land; but if you have any queries on this opportunity as you report back on the current Consultation phase please do not hesitate to let me know.

With kind regards
