Natural England welcomes this new policy. The emerging 'social prescribing' theme is noteworthy in relation to this policy. We understand that as part of the National Academy of Social Prescribing (NASP) strategy to support social prescribing, a Regional Social Prescribing team will be established in each of the 7 NHS regions across England. Natural England is about to commence the process of assigning a member of staff to work with each of these regional teams. These 7 Natural England colleagues will be based in Area teams and work very closely with NHS colleagues from October 2021, to contribute to and develop, a programme of work to embed the

natural environment as a mainstream offer to address current health challenges and inequalities.
