

Stroud District Council is starting the process of reviewing the current Local Plan. This consultation is seeking views about the range of issues that the next Local Plan will need to tackle, and options for addressing them. This includes the identification of potential areas for growth and development. We ask a series of questions throughout the consultation document (each of which is numbered). Please refer to the question number and/or topic in your response, where relevant.

You can download a PDF or an editable electronic copy of this form from our website www.stroud.gov.uk/localplanreview. You will also find the main consultation document on this web page, as well as some supporting material and further reading. **Please note: there is a separate form for you to fill out if your comment relates specifically to a site submission / proposed alternative site (Local Plan Review: Call for Sites).**

The consultation closes on Tuesday 5th December 2017. Please email completed electronic responses to local.plan@stroud.gov.uk or post paper copies to **Local Plan Review, The Planning Strategy Team, Stroud District Council, Ebley Mill, Westward Road, Stroud, GL5 4UB**. Should you have any queries, the Planning Strategy Team can be contacted on 01453 754143.

The consultation is seeking views about whether the big issues identified within this paper are the right things to focus on and what options exist for tackling them. Are there other issues, options or opportunities that have been missed? **Please note: there is a separate form for you to fill out if your comment relates specifically to a site submission / proposed alternative site (download a copy of the sites form at www.stroud.gov.uk/localplanreview).**

We ask a series of questions (highlighted in pink boxes) throughout the consultation paper. Each of the questions is numbered. Please can you reference the question number(s) and/or the topic here:

Question number: 2.3C

Land on the east side of London Road is in a sustainable location and is surrounded by Brimscombe's settlement boundary as defined in the SBC Policies Map. Brimscombe is classified as an accessible settlement with limited facilities and a third tier settlement, which provides the best opportunity outside the local service centres for growth and greater self containment, as set out in the SDC Local Plan (Nov 2015).

The site is also situated adjacent to Thrupp, however there is no identified settlement boundary on the SDC's policies map which is included.

The site has previously been listed in the SALA as reference no. BR1020 and comments provided have been acknowledged and our clients wish to reduce the proposed allocation from 1.32 hectares to 1 hectare (see supporting location plan). This will mean that the tree line is retained to the east, which will allow a buffer to the AONB where the land slopes upwards towards the allotments. This will limit impacts on the wider landscape and will reduce the visual height of a residential development. Alterations to the site's boundary will allow any future development to follow the existing pattern of development located to the south on Great Orchard Road.

The site does have a gradual slope that runs in an easterly direction, however it should be acknowledged that this does not restrict development or access, as demonstrated from development to the south as located at Great Orchard Road.

Any further development will not erode the gap between Thrupp and Stroud, as existing residential and industrial development to the east and west already connects the existing built form of development between Thrupp and Stroud. The development of the site will simply follow the pattern of existing development and deliver a small/medium scale residential scheme on shrub land that is currently under utilised.

Our client is willing to put the site forward as a rural exception site to provide much needed affordable units if required.

The site is circa 1 hectare and could accommodate a circa 20 dwellings.

Access to the site is currently gained from a gated entrance onto London Road, which has good visibility in both directions.

There would appear to be no overriding physical constraints or potential impacts preventing sensitively located development for a small/medium scale housing scheme. The site is in single ownership and is immediately available and deliverable over the next 5 years. For these reasons the site would make an appropriate residential allocation.

The Stroud District Local Plan Review: Issues and Options Paper identifies a number of sites around the District's main settlements with potential for future growth. The Council is inviting the submission of **alternative potential sites** for consideration as part of the review of the Local Plan, including sites at smaller villages that could also benefit from some future development.

Please use this form to provide information on sites in Stroud District, which you would like to suggest as suitable for:

- New housing development of **five dwellings or more**;
- Sites of **0.25 hectares** or **at least 500 square metres of floorspace**, which could be suitable for economic development, other residential development, retail or community uses.

Please fill out an individual site submission form for each site you would like to submit for consideration. Your form must be accompanied by a site location plan (on an Ordnance Survey base), clearly identifying the site boundaries and the site access point(s).

This call for sites closes **on Tuesday 5th December 2017**. Sites submitted as part of the Local Plan Issues and Options consultation will automatically be considered for inclusion in future updates to the Strategic Assessment of Land Availability (SALA) and the Brownfield Land Register, as appropriate.

Please email completed electronic responses to local.plan@stroud.gov.uk or post paper copies to **Local Plan Review, The Planning Strategy Team, Stroud District Council, Ebley Mill, Westward Road, Stroud, GL5 4UB**. Should you have any queries, the Planning Strategy Team can be contacted on 01453 754143.
