[REDACTED] - Painswick Valleys Conservation Society

Local Plan Review

Dear Sir,

This Society has responded to your recent consultation as well as the previous consultation on the Local Plan Review. I understand that you have had a meeting with [REDACTED] on behalf of number of concerned residents from Painswick, to discuss the SDC proposal for changing Painswick from a Tier 3 to a Tier 2 settlement and to object accordingly. Our Society has made this objection at both recent consultations. We would like to add our support to the residents' request that this settlement allocation be reconsidered.
