Subject: Wisloe Green, proposed development 1500 houses at Box Road.

Categories: Consultation response

Dear Sir/Madam,

I wish to register an objection to the above proposed development for the reasons stated below.

- a) The land is outside the existing village development boundary.
- b) The land is good quality arable farming land.
- c) St.Johns Road where it meets the A38 is already a bottleneck at times, especially when high volumes of traffic visiting the WWT are combined with school drop off/pick up times. Are residents of the new houses going to walk to Cam Station? as you will be aware parking at the station is impossible! Or will they decide the easier option is to use their cars on already congested roads.

Whilst I appreciate the need for housing in the country as a whole, I think we owe it to our children, grandchildren and generations to come, to be measured in our decision making and make sure we do our utmost to "get it right" both for the environment and for the health and well-being of our current population.

Regards
[REDACTED] (Slimbridge resident)
