Subject: SDC Consultation - Proposed Developments in the Berkeley Ward

Follow Up Flag: Follow up

To all involved,

I would like to express my support for the proposed developments in the Berkeley Ward. I have lived in Newtown for 10 years now, having previously lived in nearby Stone. I love my home and the surrounding areas, with all the history and beauty it brings.

As a young man looking to start a family in the coming years, I hope to keep my roots in the village and believe that any developments would be of great benefit to my future family and the wider community.

I think that the proposed development at Sharpness Docks sounds highly appealing and would bring a great deal of business to the area should the new marina plans go ahead.

The only concern I have is that of infrastructure as I cannot see how the current roads and public transport system will cope with the increased traffic. Should the B4066 be extended and improved, I am sure this would negate this concern and give businesses at Sharpness docks an opportunity to grow and bring further new business into the area.

I look forward to reading on the next stages of these developments soon

Yours sincerely,
