4.(1) Legally compliant	Yes	<input type="text" value="√"/>	No	<input type="text"/>
4.(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="√"/>
4 (3) Complies with the Duty to co-operate	Yes	<input type="text" value="√"/>	No	<input type="text"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy CP15 outlines that “In order to protect the separate identity of settlements and the quality of the countryside (including its built and natural heritage), proposals outside identified settlement development limits will not be permitted...”

The Pre-Submission Draft Plan’s settlement boundary maps do not include the strategic sites within the areas defined settlement limits. For example, the associated proposed settlement boundary for Hardwicke, does not include strategic site G1 within the defined settlement boundary. It is therefore considered that to avoid any doubt or inconsistencies, the boundary of the strategic sites should be included with the defined settlement limits of the Local Plan proposals maps. The strategic sites being located outside of defined settlement limits would

appear to conflict with Policy CP15. This inconsistency should be corrected within the Local Plan.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Land included within strategic development sites should be included within the defined settlement boundaries for each corresponding settlement. In particular, Site G1 – Land South of Hardwicke should be included within the defined settlement limits of Hardwicke.

(Continue on a separate sheet /expand box if necessary)

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Our objections go the heart of the Plan and its strategy as we consider the Plan as drafted is unsound.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
